Most full-time cosmetologists work 40 hours a week but longer hours are common in this occupation, especially among self-employed workers. Work schedules may include evenings and weekends, when beauty shops and salons are busiest. ATTENDANCE

CLASS ATTENDANCE

Students are expected to attend all classes according to their assigned schedule. Class attendance is the responsibility of the student. It is also the responsibility of the student to consult with the instructor when an absence is anticipated.

ABSENCE POLICY

In the case of an unplanned absence (in the case of illness) the student must notify the instructor prior to the start of class that he/she is ill and will not be in class that day. Allowable absences by program without additional charges are: 60 hours per 1500 hour course, 30 hours per 600 hour course and 40 hours for the 1000 hour instructor course. There are no excused absences. Students exceeding the amount of absence hours allowed for their course have the option to makeup hours by attending outside of their scheduled hours. Makeup times must be approved by the instructor. Students receiving benefits from government agencies must adhere to policies stipulated by the specific agency. Students missing 14 consecutive days will receive a letter of intent from the school that the school will terminate their enrollment after 30 consecutive days. After 30 consecutive calendar days the student will be dropped from the program.

TARDINESS POLICY

Students must arrive for classes on time. Any student not present at the start of the scheduled class will be considered tardy. A student not present at the start of theory class will not be permitted to attend theory unless the student has made prior arrangements.

LEAVE OF ABSENCE POLICY

A Leave of Absence (LOA) is a temporary interruption in a student's program of study. Some examples of approved reasons for a LOA include but are not limited to:

- Childbirth
- Unexpected major illness of student or immediate family member
- Accident that requires a recovery period
- Or other circumstances that a managing instructor deems deserving of a LOA.

LOA's are not granted for vacations or because the student feels like they want to take a break.

In order for a LOA to qualify as an approved leave of absence the student must follow the institution's policy in requesting the LOA. The policy is as follows:

- **The student must request the LOA in advance, in person or in writing.**
- The LOA must include the reason for the LOA.
- The LOA form must be signed and dated by the student and instructor.
- There must be a reasonable expectation that the student will return from the LOA.
- A return date must be listed on the LOA form.
- If unforeseen circumstances prevent the student from requesting the LOA in advance, in person and in writing the school may grant the student a leave of absence after the fact at the instructor's discretion. The beginning date of the approved LOA would be the first date the student was unable to attend the school due to unforeseen circumstances. For example, if the student were injured in a car accident and needed a few weeks to recover before returning to the school, the student would not have been able to request the LOA in advance.

Things the student needs to know.

- A student granted a LOA that meets the above criteria is not considered to have withdrawn, and no refund calculation is due at this time.

- The LOA together with any additional leaves of absence must not exceed a total of 180 days in any 12-month period.
- The grace period for Title IV recipients failing to return from a LOA will be the student's last date of attendance.
- A student cannot earn Title IV funds during a LOA. The school may disburse earned Pell grant funds and funds that are part of a Title IV credit balance to a student on a LOA.
- The school may NOT make a disbursement of the proceeds of a Direct Loan to a student on an LOA.
- There will be no additional charges for a Leave of Absence.
- The school will extend the student's contract period by the same number of days taken in the LOA. The LOA form will serve as an addendum to the enrollment agreement. The LOA form will show the student's new contract end date. If the student fails to return on the date indicated on the LOA form or contact the **managing instructor** to request an extension, the student will be dropped and the withdrawal date will be the student's last date of attendance.
- Exceptions to this policy due to extenuating circumstances may be approved by the School Director.

Jenks Beauty College recognizes that individuals serving in the National Guard or Reserve or on Active Duty may be called to duty or extended period of TDY. Military students will follow the same procedures as non-military students for a LOA and the same information above is applicable to military students. However, if the LOA for a military student exceeds the 180 days allowed by the Department of Education the school will not charge the student additional funds to complete the program if student returns within one year of beginning their LOA.

MAKE-UP WORK POLICY

It is the student's responsibility to get missed assignments from the instructor, make-up tests and set a time with instructor for make-up exams, written and practical.

Jenks Beauty College does not utilize Independent Study, or online classes for any of our programs.

SATISFACTORY ACADEMIC PROGRESS POLICY

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at the school. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

EVALUATION PERIODS

Students are evaluated for Satisfactory Academic Progress as follows:

Cosmetology	450, 900 and 1200 clocked (actual) hours
Instructor	450 and 900 clocked (actual) hours
Esthetics & Manicuring	300 and 600 clocked (actual) hours

Transfer Students – Midpoint of the contracted hours or the established evaluation periods, whichever comes first.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course.

ATTENDANCE PROGRESS EVALUATIONS

Students are required to attend a minimum of 67% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 67% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the normal maximum time frame.

FAILED COURSES

Students that fail a course have an opportunity to retake once free of charge. Each subsequent attempts past the first free retake will result in a 200 dollar fee every time the course is re-attempted.

MAXIMUM TIME FRAME

The maximum time (which does not exceed 150% of the course length) allowed for students to complete each course at the satisfactory academic progress is stated below:

COURSE	MAXIMUM TIME ALLOWED	
	WEEKS	SCHEDULED HOURS
Cosmetology (Full Time, 30 hrs/wk) – 1500 hrs	75	2,250
Instructor	51	1,500
Esthetician, Manicuring	30	900

The maximum time allowed for transfer students who need less than the full course requirements will be determined based on 67% of the scheduled contracted hours.

Students who have not completed the course within the maximum timeframe may continue as a student at the institution on a cash pay basis.

VETERANS SAP AND ATTENDANCE POLICY

Students receiving Veterans education benefits must meet satisfactory academic progress (SAP) and attendance requirements in accordance with the school's SAP and Attendance policies in order to remain eligible to be certified for VA benefits. VA students on academic probation are considered to be maintaining satisfactory progress and will continue to be certified for education benefits with the U.S. Department of Veterans Affairs (VA), however, the VA will be notified if probation occurs. If students fail to meet academic requirements while on probation, their enrollment certification will be terminated which may result in VA requiring students to repay a portion or all benefits received. Once benefits are terminated due to SAP or attendance, students are ineligible to be certified for VA education benefits until SAP is once again met or if students successfully appeal the decision for readmission.

ACADEMIC PROGRESS EVALUATIONS

A qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 75% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical graded are considered according to the following scale:

Written: 93 – 100 EXCELLENT Practical: 93 - 100 EXCELLENT

85 – 92	VERY GOOD	85 – 92	VERY GOOD
75 – 84	SATISFACTORY	75 – 84	SATISFACTORY
Below 75	FAILING	Below 75	FAILING

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she will be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

PROBATION

Students who fail to meet minimum requirements for attendance of academic progress after the warning period will be placed on probation and will be considered to be making satisfactory academic progress during the probationary period. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and will be dropped from the program. VA students please refer to Veterans SAP and Attendance Policy for information more specific to you.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

APPEAL PROCEDURE

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstances. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

NONCREDIT, REMEDIAL, COURSES, REPETITIONS

Noncredit, remedial courses, and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

TRANSFER HOURS

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluation periods are based on actual contracted hours at the institution.

Veterans Prior Credit

Students utilizing VA education benefits must provide all transcripts and records of previous education and training. Jenks Beauty College will evaluate these records and, when possible, grant appropriate credit for the previous education and/or training, shorten the length of the training program, and notify the student regarding the amount of credit being granted for previous training.

GRADUATION, LICENSURE AND EMPLOYMENT ASSISTANCE

GRADUATION REQUIREMENTS

Prior to completion of the course, students must pass a practical examination and a written final examination with a grade of at least 75% on each. All students are required to complete the course and all graduation requirements within 150% of the published length of the course. Upon satisfactory completion of the designated number of course hours and all curriculum requirements, and meeting all financial obligations to the school, the student will be awarded a diploma and is then eligible to take the State Board examination.

LICENSURE REQUIREMENTS

The State Board conducts examinations for licensure in Oklahoma City. Each applicant is required to take both a written and practical practice exam. Minimum passing grades for examinations are as follows: (1) Cosmetology – 75%; (2) Instructor – 75%; (3) Manicuring – 75%; (4) Esthetician – 75%.

PRE-REQUISITES FOR EMPLOYMENT

TREATMENT OF TITLE IV AID WHEN A STUDENT WITHDRAWS

As stated in 34 CFR 668.22

The law specifies how your school must determine the amount of Title IV program assistance that you earn if you withdraw from school. The Title IV programs that are covered by this law are: Federal Pell Grants, Iraq and Afghanistan Service Grants, TEACH Grants, Stafford Loans, PLUS Loans, Federal Supplemental Educational Opportunity Grants (FSEOGs) and Federal Perkins Loans.

When you withdraw during your payment period of enrollment (your school can define these for you and tell you which one applies), the amount of Title IV program assistance that you have earned up to that point is determined by a specific formula. If you received (or your school or parent received on your behalf) less assistance than the amount that you earned, the excess funds must be returned by the school and/or you.

The amount of assistance that you have earned is determined on a pro rata basis. For example, if you completed 30% of your payment period or period of enrollment, you earn 30% of the assistance you were originally scheduled to receive. Once you have completed more than 60% of the payment period or period of enrollment, you earn all the assistance that you were scheduled to receive for that period.

If you did not receive all of the funds that you earned, you may be due a Post-withdrawal disbursement. If your Post-withdrawal disbursement includes loan funds, your school must get your permission before it can disburse them. You may choose to decline some or all of the loan funds so that you don't incur additional debt. Your school may automatically use all or a portion of your Post-withdrawal disbursement of grant funds for tuition, fees and room and board charges (as contracted with the school). The school needs your permission to use the Post-withdrawal grant disbursement for all other school charges. If you do not give your permission (some schools ask for this when you enroll), you will be offered the funds. However, it may be in your best interest to allow the school to keep the funds to reduce your debt at the school.

There are some Title IV funds that you were scheduled to receive that cannot be disbursed to you once you withdraw because of other eligibility requirements. For example, if you are a first-time, first-year undergraduate student and you have not completed the first 30 days of your program before you withdraw, you will not receive any Direct Loan Funds that you would have received had you remained enrolled past the 30th day.

If you receive (or your school or parent receive on your behalf) excess Title IV program funds that must be returned, your school must retain a portion of the excess equal to the lesser of:

1. Your institutional charges multiplied by the unearned percentage of your funds, or
2. The entire amount of the excess funds.

If your school is not required to return all of the excess funds, you must return the remaining amount. Any loan funds that you must return, you (or your parent for a PLUS Loan) repay in accordance with the terms of the promissory note. That is, you make scheduled payments to the holder of the loan over a period of time.

Any amount of unearned grant funds that you must return is called an overpayment. The maximum amount of a grant overpayment that you must repay is half of the grant funds you received or were scheduled to receive. You do not have to repay a grant overpayment if the original amount of the overpayment is \$50 or less. You must make arrangements with the school or the Department of Education to return the unearned grant funds.

The requirements for Title IV program funds when you withdraw are separate from any refund policy that your school may have. Therefore, you may still owe funds to the school to cover unpaid institutional charges. Your school may also charge you for any Title IV program funds that the school was required to return. If you don't already know what your school's refund policy is, you can ask your school for a copy. Your school can also provide you with the requirements and procedures for officially withdrawing from school.

If you have questions about your Title IV program funds, you can call the Federal Student Aid Information Center at 1-800-4-FEDAID (1-800-433-3243). TTY users may call 1-800-730-8913. Information is also available on Student Aid on the Web at www.studentaid.ed.gov.
