Career prospects for beauty school graduates are many once they finish their education. In today's society, everyone wants to look different and that is why the field of cosmetology is very much in demand. Graduates can either work for a company or be self-employed.

There are a number of employment opportunities for beauty school graduates. They can choose any of the following fields as per their interests:

Hair Stylist	Hair Loss Specialist
Salon or Spa Manager	Platform Artist
Hair Coloring Technician	Beauty Supply Specialist
Esthetician or Facialist	Product Educator
Makeup Artist	Teacher or Instructor
Eyelash Technician	Salon or Spa Owner
Nail Technician	

THE PHYSICAL DEMANDS OF PRACTICING THE PROFESSION

Good health and stamina are important in the cosmetology profession because of the long hours that are spent on your feet. Wearing supportive and comfortable shoes cannot be stressed enough. Most full-time cosmetologists work 40 hours a week but longer hours are common in this occupation, especially among self-employed workers. Work schedules may include evenings and weekends, when beauty shops and salons are busiest. Weekends and lunch periods are usually very busy; therefore cosmetologists usually take breaks during less popular times. Nearly half of all cosmetologists work part time or have variable schedules. (Source: Occupational Outlook Handbook)

SAFETY REQUIREMENTS FOR THE PROFESSION

Prolonged exposure to some hair and nail products can be hazardous. Maximum precautionary procedures, safe, sanitary and appropriate preparation and application of chemicals shall be taught and observed at all times. Safety requirements of the profession are regulated by state law and included in classroom instruction as follows:

1. Adequate ventilation;
2. Adequate lighting;
3. The use of safe, sanitary and washable materials;
4. Product use and handling;
5. Workstation sanitation and safety
6. Sanitary precautions before and after servicing each patron;
7. Proper use of all equipment.

ATTENDANCE

CLASS ATTENDANCE

Students are expected to attend all classes according to their assigned schedule. Class attendance is the responsibility of the student. It is also the responsibility of the student to consult with the instructor when an absence is anticipated.

ABSENCE POLICY

In the case of an unplanned absence (in the case of illness) the student must notify the instructor prior to the start of class that he/she is ill and will not be in class that day. Absences can only be excused with valid documentation (doctor's notes, funeral notice, etc.). Students are encouraged to make up hours by attending outside of their scheduled hours. Makeup times must be approved by the instructor. Students receiving benefits from government agencies must adhere to policies stipulated by the specific agency. Students missing 14 consecutive days will automatically be dropped without approved absences within that respected window.

TARDINESS POLICY

Students must arrive for classes on time. Any student not present at the start of the scheduled class will be considered tardy. Students are expected to notify their instructor if they are late.

LEAVE OF ABSENCE POLICY

A Leave of Absence (LOA) is a temporary interruption in a student's program of study. Some examples of approved reasons for a LOA include but are not limited to:

- Childbirth
- Unexpected major illness of student or immediate family member
- Accident that requires a recovery period

LOA's are not granted for vacations or because the student feels like they want to take a break.

In order for a LOA to qualify as an approved leave of absence the student must follow the institution's policy in requesting the LOA. The policy is as follows:

- The student must request the LOA in advance and in writing.
- The LOA must include the reason for the LOA.
- The LOA form must be signed and dated by the student and director of education.
- There must be a reasonable expectation that the student will return from the LOA.
- A start date and a return date must be listed on the LOA form.
- The institution may grant an LOA to a student who did not provide the request prior to the LOA due to unforeseen circumstances if the institution collects the request from the student at a later date.
- The beginning date of the approved LOA would be the first date the student was unable to attend the school due to unforeseen circumstances. For example, if the student were injured in a car accident and needed a few weeks to recover before returning to the school, the student would not have been able to request the LOA in advance.

Things the Student Needs to Know:

- A student granted a LOA that meets the above criteria is not considered to have withdrawn, and no refund calculation is due at this time.
- In any 12-month period, no more than two LOAs can be approved. Together, these absences must not exceed a total of 180 days.
- The grace period for Title IV recipients failing to return from a LOA will be the students last date of attendance.
- A student will not be assessed any additional charges as a result of the LOA and will not earn Title IV funds.
- The student will be withdrawn if the student takes an unapproved LOA or does not return by the expiration of an approved LOA. The school will extend the student's contract period by the same number of days taken in the LOA. Changes to the enrollment agreement will be initiated by all parties.
- If the student fails to return on the date indicated on the LOA form or contact the **Director of Education** to request an extension, the student will be dropped and the withdrawal date for the purposes of calculating a refund will be the student's last date of attendance.

Jenks Beauty College recognizes that individuals serving in the National Guard or Reserve or on Active Duty may be called to duty or extended period of TDY. Military students will follow the same procedures as non-military students for a LOA and the same information above is applicable to military students. However, if the LOA for a military student exceeds the 180 days allowed by the Department of Education, the school will not hold the student responsible for any balance owed to the school.

MAKE-UP WORK POLICY

It is the student's responsibility to get missed assignments from the instructor, make-up tests and set a time with the instructor for make-up exams, written and practical.

INDEPENDENT STUDY

Jenks Beauty College may utilize Independent Study, or online classes for any of our programs if approved for temporary use for emergencies.

SATISFACTORY ACADEMIC PROGRESS POLICY

The Satisfactory Academic Progress Policy (SAP) is consistently applied to all students enrolled at the school and is provided to applicants prior to enrollment. The SAP is applied consistently to all students enrolled in a specific program and scheduled for a particular category of attendance (part-time/full-time.) The policy complies with the guidelines established by the United States Department of Education. All programs have an Academic Year of 900 hours.

EVALUATION PERIODS

Students are evaluated for Satisfactory Academic Progress as follows:

Cosmetology	450, 900 and 1200 clocked (actual) hours
Instructor	450 and 900 clocked (actual) hours
Esthetician & Manicuring	300 clocked (actual) hours

Transfer Students – Midpoint of the contracted hours or the established evaluation periods, whichever comes first.

Quantitative and qualitative evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course.

ATTENDANCE PROGRESS EVALUATIONS

Students are required to attend a minimum of 67% of the hours possible based on the applicable attendance schedule per their program in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 67% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the normal maximum time frame.

FAILED COURSES

Students that fail a course have an opportunity to retake the course.

MAXIMUM TIME FRAME

The maximum time (which does not exceed 150% of the course length) allowed for students to complete each course at the satisfactory academic progress is stated below:

COURSE	MAXIMUM TIME ALLOWED	
	WEEKS	SCHEDULED HOURS
Cosmetology (Full Time, 30 hrs/wk) – 1500 hrs	75	2,250
Instructor	51	1,500
Esthetician, Manicuring	30	900

The maximum time allowed for transfer students who need less than the full course requirements will be determined based on 67% of the scheduled contracted hours.

Students who have not completed the course within the maximum timeframe may continue as a student at the institution on a cash pay basis.

VETERANS SAP AND ATTENDANCE POLICY

Students receiving Veterans education benefits must meet satisfactory academic progress (SAP) and attendance requirements in accordance with the school's SAP and Attendance policies in order to remain eligible to be certified for VA benefits. VA students on academic warning aren't considered to be maintaining satisfactory progress and will continue to be certified for education benefits for one period with the U.S. Department of Veterans Affairs (VA), however, the VA will be notified if warning occurs. If students fail to meet academic requirements while on warning, their enrollment certification will be terminated which may result in VA requiring students to repay a portion or all benefits received. Once benefits are terminated due to SAP or attendance, students are ineligible to be certified for VA education benefits until SAP is once again met or if students successfully appeal the decision for readmission.

ACADEMIC PROGRESS EVALUATIONS

A qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Students must maintain an overall grade average of 70%(2.0) and pass a FINAL exam prior to graduation. Students must make up for failed or missed tests and incomplete assignments. Numerical graded are considered according to the following scale:

Grading Scale: 90 – 100	EXCELLENT
80 – 89	VERY GOOD
70 – 79	SATISFACTORY
Below 70	FAILING

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress (SAP) until the next scheduled evaluation. Students not maintaining SAP will receive a hard copy of their status at the time of evaluations. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making SAP during the warning period. The student will be advised in writing on the actions required to attain SAP by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she will be placed on probation. The student will meet with their instructor and complete a plan of action to improve their performance.

PROBATION

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails

upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds. The institution will place students on probation once attendance is at 70%. They are required to meet with either the Director of Education, Campus Director, or the President of Jenks Beauty College.

EXPULSION

If a student's attendance percentage reaches 67% or below, the institution reserves the right to drop the student from the program and expel the student from Jenks Beauty College. The student may appeal this decision within 30 days and an appeal decision will be reached by the President of Jenks Beauty College.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probation period.

APPEAL PROCEDURE

If a student is determined to not be making SAP, the student may appeal the determination due to special or mitigating circumstances such as the death of a relative, an injury or illness of the student, or other allowable special circumstances. The Appeal must be in writing to the President within 14 calendar days, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable for one payment period. Appeal responses will be completed within 14 days of receipt. The President's decision is final.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

NONCREDIT, REMEDIAL, COURSES, REPETITIONS

Noncredit, remedial courses, and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

TRANSFER HOURS

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluation periods are based on actual contracted hours at the institution.

VETERANS PRIOR CREDIT

Students utilizing VA education benefits must provide all transcripts and records of previous education and training. Jenks Beauty College will evaluate these records and, when possible, grant appropriate credit for the previous education and/or training, shorten the length of the training program, and notify the student regarding the amount of credit being granted for previous training.

TREATMENT OF TITLE IV AID WHEN A STUDENT WITHDRAWS

As stated in 34 CFR 668.22

The law specifies how your school must determine the amount of Title IV program assistance that you earn if you withdraw from school. The Title IV programs that are covered by this law are: Federal Pell Grants, Iraq and Afghanistan Service Grants, TEACH Grants, Stafford Loans, PLUS Loans, Federal Supplemental Educational Opportunity Grants (FSEOGs) and Federal Perkins Loans.

When you withdraw during your payment period of enrollment (your school can define these for you and tell you which one applies), the amount of Title IV program assistance that you have earned up to that point is determined by a specific formula. If you received (or your school or parent received on your behalf) less assistance than the amount that you earned, the excess funds must be returned by the school and/or you.

The amount of assistance that you have earned is determined on a pro rata basis. For example, if you completed 30% of your payment period or period of enrollment, you earn 30% of the assistance you were originally scheduled to receive. Once you have completed more than 60% of the payment period or period of enrollment, you earn all the assistance that you were scheduled to receive for that period.

If you did not receive all of the funds that you earned, you may be due a Post-withdrawal disbursement. If your Post-withdrawal disbursement includes loan funds, your school must get your permission before it can disperse them. You may choose to decline some or all of the loan funds so that you don't incur additional debt. Your school may automatically use all or a portion of your Post-withdrawal disbursement of grant funds for tuition, fees and room and board charges (as contracted with the school). The school needs your permission to use the Post-withdrawal grant disbursement for all other school charges. If you do not give your permission (some schools ask for this when you enroll), you will be offered the funds. However, it may be in your best interest to allow the school to keep the funds to reduce your debt at the school.

There are some Title IV funds that you were scheduled to receive that cannot be disbursed to you once you withdraw because of other eligibility requirements. For example, if you are a first-time, first-year undergraduate student and you have not completed the first 30 days of your program before you withdraw, you will not receive any Direct Loan Funds that you would have received had you remained enrolled past the 30th day.

If you receive (or your school or parent receive on your behalf) excess Title IV program funds that must be returned, your school must retain a portion of the excess equal to the lesser of:

1. Your institutional charges multiplied by the unearned percentage of your funds, or
2. The entire amount of the excess funds.

If your school is not required to return all of the excess funds, you must return the remaining amount. Any loan funds that you must return, you (or your parent for a PLUS Loan) repay in accordance with the terms of the promissory note. That is, you make scheduled payments to the holder of the loan over a period of time.

Any amount of unearned grant funds that you must return is called an overpayment. The maximum amount of a grant overpayment that you must repay is half of the grant funds you received or were scheduled to receive. You do not have to repay a grant overpayment if the original amount of the overpayment is \$50 or less. You must make arrangements with the school or the Department of Education to return the unearned grant funds.

The requirements for Title IV program funds when you withdraw are separate from any refund policy that your school may have. Therefore, you may still owe funds to the school to cover unpaid institutional charges. Your school may also charge you for any Title IV program funds that the school was required to return. If you don't already know what your school's refund policy is, you can ask your school for a copy. Your school can also provide you with the requirements and procedures for officially withdrawing from school.

If you have questions about your Title IV program funds, you can call the Federal Student Aid Information Center at 1-800-4-FEDAID (1-800-433-3243). TTY users may call 1-800-730-8913. Information is also available on Student Aid on the Web at www.studentaid.gov.

Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory. If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and performance standards established by the state licensing agency and are set forth in practical skills evaluation criteria adopted by the school. Students must maintain a theory grade average of 75% or greater and pass a FINAL written and practical exam prior to graduation. Students must make up for failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

INSTRUCTIONAL METHODS: The clock-hour education is provided through a sequential set of learning steps that address specific tasks necessary for State Board preparation, graduation, and entry-level job skills. Clinic equipment, implements, and products are comparable to those used in the industry. The course is presented through comprehensive lesson plans that reflect effective educational methods. Subjects are presented by means of lecture, demonstration, and interactive student participation. Audiovisual aids, guest speakers, field trips, projects, activities, and other related learning methods are used for course delivery.
